

Saturday Adventure Series

Halliford
School
SHEPPERTON

Experience life as a Hallifordian with a morning packed full of new friendships and exciting activities for boys in Years 5 and 6

Foreword by The Headmaster

Welcome to your next great adventure! If you have ever wondered what happens at a Senior School here is your chance to come and discover what life at Halliford School could be like for you. Whatever your passion we have an adventure waiting for you on a Saturday morning.

These events will give you the opportunity to explore, engage and start imagining what life as a Hallifordian could be like. You will enjoy a morning of activities with lots to enjoy. We also welcome your parents to come and join us for refreshments at midday as they come to find out what you have been doing.

Step up to your next great adventure by scanning the QR code on the activity page that interests you. I really look forward to seeing you soon.

Please register your interest by scanning the QR code on each page.

A handwritten signature in black ink, appearing to be 'JH' followed by a flourish.

Soundscapes Unleashed

Date: Saturday 15th November 2025

Time: 10am-12 noon

Music at Halliford

A morning full of inspiration, collaboration, and musical magic! Step into the spotlight with our Musical Theatre session: learning vocal techniques and performance skills that bring stories to life on stage. Rhythm takes centre stage as our students explore traditional African drumming. This hands-on workshop celebrated community, coordination, and the power of percussion. From epic soundtracks to ambient scores, students discover how music shapes digital worlds. They will experiment with composing original pieces for games and film where creativity meets technology.

The Great 1066 Showdown

Date: Saturday 15th November 2025

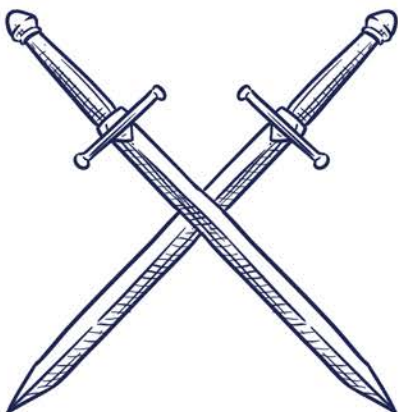

Time: 10am-12 noon

Design & Technology and History at Halliford

Get ready for an epic day where History meets Design & Technology in a battle-packed adventure. Step into the world of Knights and Kings. You will design and build your own battle-ready shield and sword using cardboard, paint, and foam. Add your own emblems and become a warrior of 1066! Learn the coolest battle moves—like the shield wall and sneaky cavalry tricks. Then team up to choreograph your own version of the battle. Who will win? You decide! Final Showdown: Reenact the Battle! Take to the stage, show off your moves, and relive the clash that changed history. Props, action, and storytelling—just like a movie!

The Odyssey Adventure

Date: Saturday 15th November 2025

Time: 10am-12 noon

Classical Civilisation at Halliford

Are you ready to set sail on a thrilling journey across ancient seas, battle fearsome monsters, and outsmart powerful gods? Then join us for our Odyssey Adventure, where you will become the heroes of one of the greatest stories ever told! Together, we will bring scenes from Homer's Odyssey to life on stage.

Big Questions & Bold Creations

Date: Saturday 15th November 2025

Time: 10am-12 noon

Religious Studies at Halliford

Get Ready to Think Deeply and Create Wildly! Have you ever wondered...

What makes something beautiful?

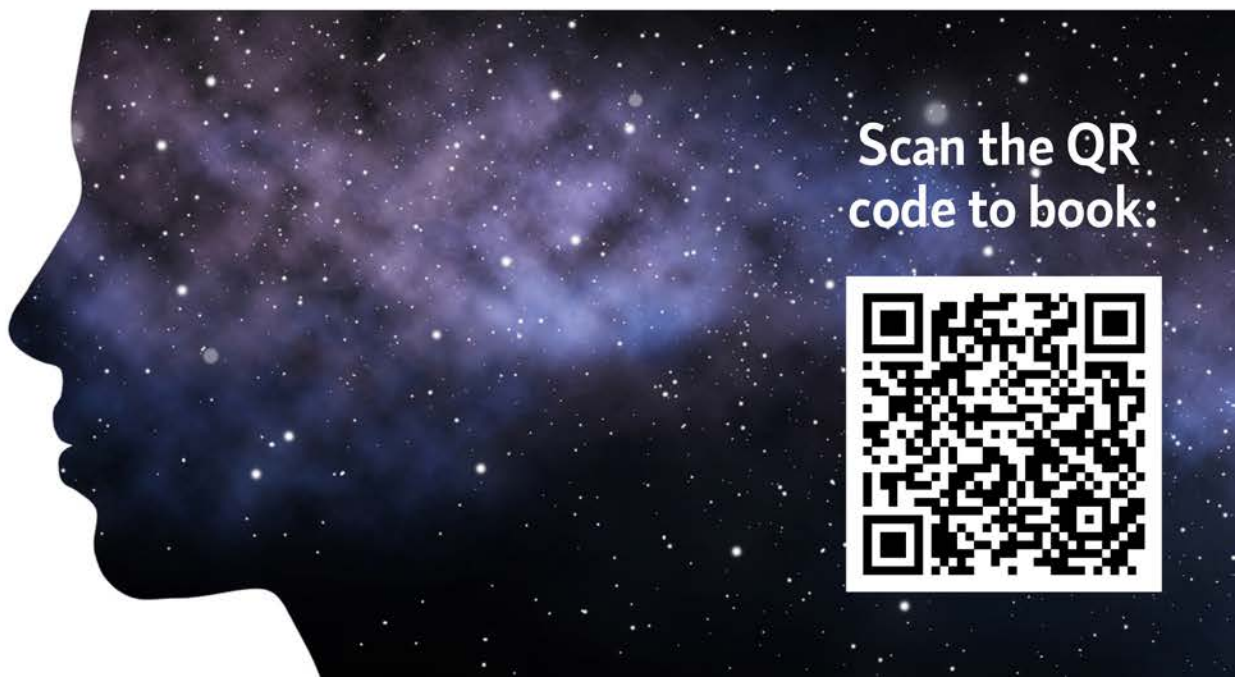

Can you see thoughts?

Is it ever okay to break the rules?

What does it mean to be you?

In this exciting session, we'll dive into BIG philosophical questions — the kind that don't have easy answers, but make your brain buzz with ideas!

Lost in Translation: Around Europe

Date: Saturday 17th January 2026

Time: 10am-12 noon

Modern Foreign Languages at Halliford

Join us on a European interrailing experience across three cities in a morning. Discover the sights, smells and tastes of the arrondissements of urban Paris, then travel to Munich to experience the soundtrack of Bavaria and the action around the Carnival in Cologne, before travelling to Barcelona to be transported to a world of amazing artistry amidst the madness of Las Ramblas.

I, Robot: Build Your Own Epic Robot Arm

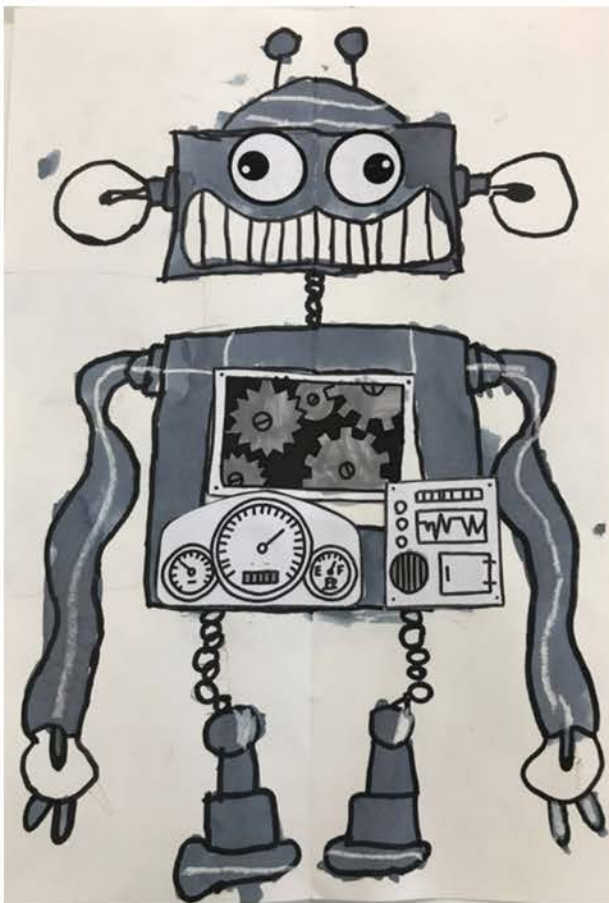

Date: Saturday 17th January 2026

Time: 10am-12 noon

Art at Halliford

Get ready for an awesome adventure into the world of robotics and creativity. In this action-packed art session, you will design and build your very own battle-ready, articulated cardboard arm that can move, grab and reach.

Add bold colours, cool designs and techy touches to make it your ultimate robot. By the end, you will have a working robot arm ready for action! Are you ready to become a robot engineer and artist all in one? Let's bring your robot arm to life!

Brain Power - The Science of You!

Date: Saturday 7th February 2026

Time: 10am-12 noon

Science and Psychology at Halliford

Get ready for a mind-blowing science adventure where you become a brain expert, an electric neuron, and a mood molecule master.

Station 1: Build Your Brain

Explore the amazing zones of your brain—like the memory-making hippocampus and the decision-making frontal lobe. Use puzzles, models, and games to unlock how your brain works.

Station 2: Neuron Signals

Become part of a human neuron chain and send electric signals across the room. Then build a real working circuit to see how neurons ‘talk’ to each other. It’s science in action.

Station 3: Brain Chemistry Blast

Mix up wild chemical reactions to discover neurotransmitters—the tiny messengers that control your mood, focus, and energy. Create your own ‘mood molecules’ and see how brain chemistry affects how you feel.

Virtual Voyages: Around the World in 90 Minutes

Date: Saturday 7th February 2026

Time: 10am-12 noon

Geography and Computer Science at Halliford

Strap in for a Global Adventure Like No Other. Get ready to travel the world without leaving your seat! In this thrilling session, we'll use Virtual Reality, Robots & Technology to explore the wonders of our planet — from towering mountains to bustling cities, icy tundras to tropical rainforests.

The Big Pitch

Date: Saturday 14th March 2026

Time: 10am-12 noon

Business Studies and Economics at Halliford

Design Like a Pro: The Ultimate Football Boot Challenge

Step into the world of sports fashion and unleash your creativity! In this high-energy workshop, kids become superstar designers, dreaming up wild and wonderful football boots with bold colours, cool features, and futuristic flair.

Once the boots are built and the designs are ready, it's time to hit the pitch—literally. Teams will create fun, fast-paced adverts to showcase their creations and impress the judges. Think big ideas, teamwork, and loads of imagination.

Are you ready to design the next game-changing boot?

Down the Rabbit Hole

Date: Saturday 14th March 2026

Time: 10am-12 noon

English at Halliford

Session 1:

Get ready to tumble down the rabbit hole just like Alice! In this wild adventure, you will dream up your own crazy version of Wonderland, packed with floating clocks, talking teacups, and anything your imagination can invent! Then, you will draw your world and fill it with awesome sights, sounds, and smells using cool writing tricks like similes and metaphors. At the end, we will all share our worlds and decide—would you stay in your Wonderland forever?

Session 2:

Now it's time to meet the weird and wonderful creatures of Wonderland! You will meet the Mad Hatter and Cheshire Cat, then create your own wacky characters—maybe a Jellyfish Butler or a Whispering Clock! Then, using the magical line:

“I didn't mean to fall, but once I did, there was no going back...”

you will write your own Wonderland story full of action, mystery, and fun. We will finish by showing off our stories and drawings on the Rabbit Hole Wall—a place to celebrate your amazing imagination!

Superhero Stage Combat

Date: Saturday 14th March 2026

Time: 10am-12 noon

Drama at Halliford

This high-energy workshop invites boys to become warriors, heroes, and legends through drama. Using movement, imagination, and teamwork, you will explore storytelling through body shapes, slow-motion battles, and stage combat techniques.

1. Body Sculptures: Build Your Hero

Use your body to create powerful shapes—become a mighty warrior, a sneaky villain, or a mythical creature. Work in pairs and groups to form dramatic frozen scenes like ‘The Last Stand’ or ‘The Hero’s Arrival.’ Learn how posture, expression, and space tell a story without words.

2. Slow-Motion Battles: Action in the Spotlight

Learn how to perform epic battles in slow motion, every move counts! Practice dramatic entrances, dodges, and power poses. Create short battle scenes with music and narration to add intensity.

3. Stage Combat Basics: Safe but Awesome

Discover how actors fight on stage without getting hurt. Learn basic moves like slaps, punches, falls, and sword swings using safe techniques. Choreograph a short fight scene with a partner—think knights, ninjas, or space warriors!

Final Showcase: The Legend Comes Alive

Put it all together in a mini performance. Use body sculptures, slow-motion battles, and stage combat to tell your own heroic story.
